

## **SPONSORSHIP 2023**

In Kellyville there's nothing more important than helping out our local community sports teams.

Kellyville Baseball Club has been operating in the The Hills district for 36 years, providing juniors between the ages 4-17 and seniors 18-60 a safe and reliable place to be active, make connections and play baseball! We have our own fields which have 6 diamonds playable for the community.

However, we wouldn't be able to keep serving our community of all ages without the help of local businesses like yours.

Would your business be interested in starting a partnership with us as a sponsor? In return you would have your business logo displayed at our field at Kellyville Park, on our website, socials and on our training shirts. We believe this would help your business gain exposure among the broader community area.

Kellyville Baseball Club would be happy to start a partnership at any level! Contributions of \$500 each year for 3yrs or \$1000 each year for 3yrs work best and helps us keep our little family oriented club running, and also allow us to upgrade our diamonds, purchase new equipment for junior teams and other necessary equipment e.g. ride on lawn mower!

If you are excited by this proposal, please reach out to us at
